

## Check: Ask your customer the following questions:

Did you have one or more of the following symptoms in the past 24 hours ?

Coughing

Symptoms of  
a common cold

Fever or elevated  
temperature

Shortness of  
breath

Loss of taste  
and smell

Does someone in your  
household have a fever  
and/or shortness of breath?

Have you had a novel coronavirus  
infection? (Laboratory-confirmed  
in the past 7 days)?

Does someone in your family or  
household have a COVID-19  
infection, and have you had contact  
with them in the past 10 days while  
they still had problems?

10 days

Are you in quarantine because you have  
had direct contact with someone with a  
confirmed COVID-19 infection? Or have  
been in a code orange or code red country  
(the past 10 days)?\*

coronavirus

*If you answered yes to one or more of these questions,  
do not make an appointment, or cancel your appointment*

## CORANA RULES For using Flight Simulator

### after the briefing :

inform the engineer/operator that you are ready to enter the sim

Be sure that all occupants understand these rules

WASH your Hands before start

Enter the simulator

desinfect part off sim which you are gona use

Start using the simulator as you normaly do

When your sesion is done ==>

desinfect part off sim which you have used

Get out of the simulator

WASH your Hands

Now you can go to your de-briefingroom

### **Problem:**

When a problem with the simulator shows up.

Call Simhelp.  
+31 644974806

When the problem is in the cockpit, everybody has to come to the balcony. Explain your finding and the operator can try to fix it. In the meantime you can go to your briefingroom

# How to Handwash?

WASH HANDS WHEN VISIBLY SOILED! OTHERWISE, USE HANDRUB

 Duration of the entire procedure: 40-60 seconds

0 Wet hands with water;

1 Apply enough soap to cover all hand surfaces;

2 Rub hands palm to palm;

3 Right palm over left dorsum with interlaced fingers and vice versa;

4 Palm to palm with fingers interlaced;

5 Backs of fingers to opposing palms with fingers interlocked;

6 Rotational rubbing of left thumb clasped in right palm and vice versa;

7 Rotational rubbing, backwards and forwards with clasped fingers of right hand in left palm and vice versa;

8 Rinse hands with water;

9 Dry hands thoroughly with a single use towel;

10 Use towel to turn off faucet;

11 Your hands are now safe.
